PROFESSIONAL
DEVELOPMENT
HOURS WILL BE
AWARDED**

Passaic County Community College
Office of Continuing Education
One College Boulevard
Paterson, NJ 07505
(973) 684-6153

This course teaches educators about Tourette Syndrome and its associated disorders such as ADHD and Obsessive Compulsive Disorder. Anxiety, depression, auditory processing and other learning disabilities are addressed. Topics to be discussed include:

- School related issues;
- Ways to recognize students' difficulties as well as their strengths and potential;
- Approaches and strategies that enable teachers to create a learning environment thus supporting the social/emotional and intellectual development of all students in the classroom;
- Accommodations regarding instruction and testing; and
- Helpful interventions and modifications for behavior management.

Insights shared regarding the nature of TS outside the classroom help educators gain an understanding of the whole child and develop a partnership with parents. Participants will have the opportunity, throughout the course, to share specific concerns; and to brainstorm instructional strategies using the course material and the handouts provided. Instructor: Robert Zambrano, PsyD.
