Center for Continuing Education &

Workforce Development

Paterson & Passaic—Fall, 2014

Spanish for Educators

This 20 hour course will aid educators in their ability to communicate with Spanish speaking parents & students. The emphasis will be on basic communication skills associated with real life situations, the classroom, and school terminology. Participants will learn vocabulary that covers various aspects of a student's school career. The course is designed to aid in relationship building with Spanish speaking students and their families.

20 Professional Development Hours will be awarded.
