

Entrepreneur Certificate Program Fall 2012, Wayne

Have you thought about starting your own business, but don't know where to begin? Are you running your own business, but would like more formal training in the various aspects of starting and running a business? The New Jersey Small Business Development Centers (NJSBDC) network and the New Jersey Council of County Colleges (NJCCC) have partnered to provide a seven course, 33-hour Entrepreneur Certificate Program (ECP). The ECP will give entrepreneurs and existing small business owners an opportunity to learn about all the necessary steps to successfully start a new business and expand existing operations. The courses familiarize attendees with business plans, legal issues, marketing strategies, financial statements, small business taxes, and small business record-keeping systems. Attendees who successfully complete this program will receive an official certificate issued by Passaic County Community College and the William Paterson Small Business Development Center. These courses may also be taken individually. All courses are Wednesday evenings, 6:00 – 9:00 pm at the PCCC Public Safety Academy, 300 Oldham Road, Wayne, NJ. Call 973-684-6213 for additional information.

The Business Plan

Business plans are a necessary tool for every phase of business operations, from start-up to expansion. A sound business plan will help you manage your business more effectively and serves as a tool for planning, marketing, and financing your business. Using a business plan to chart your course improves your chances for success.

Marketing Strategies for Business Success

This workshop shows you how to define and target the markets where your services or products will be most successful as well as develop an action plan for your marketing efforts in order to reach your target markets.

Understanding Financial Statements

Learn about financial statements to improve your bottom line. This course helps you understand the various types of financial statements to allow for further review and analysis of your business operations and enhance your ability to design a profit improvement planning strategy to grow and expand your business.

Small Business Record Keeping

Learn about the purpose and types of record-keeping systems to help use your business records as a management tool and barometer and comply with governmental regulations/ requirements.

Legal I - Start-up Specifics

This workshop provides basic knowledge of the laws affecting business. Business owners learn how to choose the appropriate business structure, assess business risks, provide adequate protection for business ideas (patents, copyright, trademarks) and business operations (leases, contracts, agreements) as well as know about local zoning/regulations /permits/licensing, business trade name registration and incorporation procedures as well as other State, county, federal and international requirements.

Legal II - Contracts

This course provides a basic understanding of business contract law with an overview of the basic elements of contracts, the different types of contracts (employment, suppliers, customers), what particular situations warrant attorney consultation, legal ownership of a business, consideration of the major factors in business structure selection, the primary features of a partnership, examination of key areas of stockholder (shareholder) agreements, and more!

Small Business Taxes

You learn about the differences between local, state and federal taxes and gain a broad overview of small business tax responsibilities including employment, social security, income and sales taxes as well as understand tax obligations as they relate to the particular business structure.
