STEM is looking for highly motivated and qualified students for an opportunity to participate in a Research Project at the Bronx Zoo during the Fall Semester of 2015.

Learn skills outside the classroom that will help your career and build your résumé.

Interested students must be Science Majors and must meet certain qualifiers.

Students will be required to visit the Bronx Zoo 5 to 6 times during the study and prepare a presentation at the end of the project. (Transportation will be provided).

The application process must be completed by May 1, 2015.

For details visit Rm#A312A, ask for Prof. VanAken, you can also email, tvanaken@pccc.edu

A Stipend will be paid to those who fully participate in the Project.
