Workforce Development

Paterson & Passaic—Fall, 2014

Substitute Teacher Training

This course teaches ways to make your substitute teaching experience a positive one and offers assistance in applying for your NJ State Substitute License. Topics covered include employing successful classroom management techniques, cultivating positive first impressions, gaining and sustaining appropriate rapport with students, making efficient use of instructional time, lesson plans, and more. Although this class is not required for NJ licensure, it will better prepare you for success as a substitute teacher.
