Total Credits for Degree 67

Associate in Science Degree

For continued study toward a bachelor's degree in Business Administration. Prepares for specialization in International Business, or other related business studies. Students are strongly encouraged to consult the business department faculty as early as possible to ensure choosing electives acceptable to transfer institutions. The Associate in Science degree is awarded at the completion of this program.

Graduates should be able to:

- Demonstrate general business knowledge.
- Give a clear, well-organized verbal presentation.
- Demonstrate general information literacy skills.
- Demonstrate analytical skills necessary to solve business problems.
- Analyze a company's financial position.
- Analyze the differences between domestic and international businesses.
