Registration for Neighborhood University for Adults ESL Programs

The Neighborhood University for Adults (NUFA) ESL Programs at PCCC is offering ESL classes for students interested in pursuing a career as a Child Care Development Associate (CDA), or in health / business professions. The classes that will be offering are steps on a pathway towards obtaining a certification in one of the three areas mentioned above. Students are expected not only to take the preliminary ESL classes but to continue down the pathway to getting certified in one of these three areas. Since this is a grant funded program, there is a limited number of available seats so priority will be given to students who demonstrate a strong commitment to continue their education and getting certified.
