Inclusion Strategies and Interventions for Literacy and Math

A Practical Approach by Dr. Toby J. Karten

Participants will learn how to:

- Plan interdisciplinary lessons to address various reading, math and writing levels.
- Integrate, spiral, and document literacy and math skills throughout the year.
- Develop 21st century problem solvers who are able to problem solve, think critically, collaborate as peers, and communicate information, skills and knowledge.
- Apply appropriate modifications, accommodations and challenges for all learners across the curriculum.

Don’t miss this opportunity to enhance your teaching skills. Register today.
